Summary:

Results-driven WordPress and Elementor Expert with a solid foundation in frontend development since 2022. Initially focused on building ThemeForest-standard HTML templates, later transitioning into full-time WordPress customization and bug fixing for Japanese projects (NEXUS) starting December 2023. Proficient in crafting responsive, SEO-optimized websites using HTML, CSS, SASS, Bootstrap, Tailwind, JavaScript, jQuery, and integrating with WordPress using PHP, Elementor, and custom widget development. Currently working within a professional team on full WordPress theme development, delivering clean code, performance, and client satisfaction.

Skills:

- Web Design: HTML/HTML5, CSS/CSS3, SASS, Bootstrap, JavaScript, jQuery, Ajax
- CMS: WordPress, Elementor (Expert), WooCommerce
- Programming: PHP, JavaScript
- Tools: Git, GitHub, Gitlab, Local, Slack, Chat work

Experience:

Softzino Technologies, Dhaka (Associate Software Developer) Jan 2024 – Present

- Worked on Japanese client projects, focusing on Elementor-based WordPress development.
- Built and customized WordPress themes and developed custom Elementor widgets with dynamic controls.
- Created responsive HTML templates following ThemeForest standards.
- Developed and maintained WordPress plugins tailored to specific project needs.
- Fixed advanced Elementor bugs and layout issues with clean, optimized code.
- Collaborated within a dedicated team to deliver scalable, high-performance websites

WebDev Software Solutions, Joypurhat (Web Designer) Nov 2022 – Dec 2023

- Developed responsive websites using HTML, SCSS, Bootstrap, JavaScript, and jQuery.
- Ensured cross-browser compatibility and adaptive design using media queries.
- Used Git/GitHub for version control and collaboration.
- Customized websites with WordPress, handling themes, plugins, and basic PHP.
- Built mini JavaScript projects and solved 200+ JS challenges on GitHub.

SSPTV, West Bengal, India (Online Tutor on demand) Aug 2023 – Oct 2024

- Delivering web development instruction for a training center, educating students in HTML, CSS, SASS, Bootstrap, JavaScript, and jQuery.

Upwork.com (Web Designer/Developer) Jan 2023 – Present

- Developed websites using HTML, CSS, SCSS, Bootstrap, JS and jQuery.
- Communicating effectively with clients to understand their requirements and preferences.
- Collaborated on global freelancing projects.

Bdevs, Dhaka (Web Designer Intern) Aug 2022 – Oct 2022

- Collaborated with developers to write and maintain clean, efficient code.
- Took meeting notes and shared key updates with team members.
- Gained hands-on expertise in Responsive Design, SEO, Bootstrap, and SCSS.
- Built responsive websites using HTML, CSS/SCSS, Bootstrap, JavaScript, and jQuery.
- Ensured cross-browser compatibility and device responsiveness with media queries and adaptive techniques.

WebDev Software Solutions, Joypurhat (Web Design Trainee) Apr 2022 – Jul 2022

- Enthusiastic Web Design Trainee proficient in HTML, CSS, and JavaScript.
- Actively applying these technologies to acquire hands-on experience.
