Summary

Since 2022, I have been working in the field of website design and development, with a strong focus on delivering modern, user-friendly, and performance-optimized web solutions. My experience spans crafting responsive UI designs, developing scalable WordPress themes, and ensuring SEO-friendly content structures that align with business goals. I specialize in building clean, fast-loading, and cross-device compatible websites using industry-standard tools and practices. Currently working as an Associate Software Developer at Softzino Technology, I collaborate with a professional WordPress team to develop Theme Forest-standard products and custom Elementor-based solutions.

Skills

◆ **Web Design & Frontend Development:**
HTML5, CSS3, SASS, Bootstrap, JavaScript, jQuery, AJAX, JSON
Responsive UI Design, Cross-Browser Compatibility, Pixel-Perfect Conversion

◆ **CMS & eCommerce Platforms:**
WordPress, WooCommerce, Custom Theme Development, Elementor, Custom Elementor Widgets

◆ **Programming & Backend:**
PHP, JavaScript, WordPress Hooks & Filters, Template Hierarchy, ACF, CPT UI

◆ **Tools & Version Control:**
Git, GitHub, LocalWP, VS Code, Chrome DevTools

◆ **Other Skills:**
Performance Optimization, SEO-Friendly Development, ThemeForest Standard Coding, Plugin Integration, Figma to WordPress Workflow

Experience

Softzino Technology — *Associate Software Developer*   📍 Dhaka | *Jan 2024 – Present*

- Worked on Japanese-based WordPress projects with a focus on Elementor-based websites

- Developed high-quality, responsive HTML templates following ThemeForest standards

- Built and customized complete WordPress themes from scratch

- Created custom Elementor widgets with dynamic controls and styling options

- Developed and maintained WordPress plugins, including project-specific solutions

- Resolved advanced bugs and layout issues in Elementor-based builds

- Collaborated within a dedicated WordPress team to deliver scalable, production-ready websites

- Ensured compatibility, performance optimization, and clean coding practices across all deliverables

WebDev Software Solutions — *Web Designer*   📍 Joypurhat | *Nov 2022 – Dec 2023*

- Learned new materials, tools, and processes quickly and efficiently

- Attended training courses on development workflows, frontend techniques, and CMS usage

- Supported departmental tasks to gain insight into industry-standard practices

- Built strong relationships with team members and supervisors through professional communication

- Gained hands-on experience with basic PHP and WordPress development

- Focused on frontend fundamentals using HTML, CSS, Bootstrap, and jQuery

Upwork.com — *Freelance Web Designer* 📍 Remote | *Jan 2023 – Present*

- Designed and developed websites using HTML, CSS, JavaScript, PHP, and jQuery

- Delivered custom WordPress websites using page builders and editing tools

- Handled client requirements and built SEO-friendly, responsive interfaces

- Communicated with international clients and collaborated remotely on multiple projects

- Maintained quality and performance standards for freelance assignments

- **Upwork Profile Link:** Al Mumeetu Saikat

BDevs — *Web Design Intern* 📍 Dhaka | *Aug 2022 – Oct 2022*

- Assisted senior developers in writing clean, reusable frontend code

- Took meeting notes and actively participated in internal team discussions

- Balanced and prioritized tasks with minimal supervision

- Developed user interfaces using HTML5, CSS3, and JavaScript

- Learned responsive web design, on-page SEO, and best frontend practices

- Gained practical skills in Bootstrap, SCSS, and basic scripting

- Practiced PSD to HTML/HTML5/CSS conversion and layout implementation

WebDev Software Solutions — *Web Design Trainee*   📍 Joypurhat | *Apr 2022 – Jul 2022*

- Gained foundational knowledge in HTML, CSS, and JavaScript while working on real-world UI structures

- Assisted in crafting visually engaging and intuitive website layouts with a focus on user experience

- Contributed fresh design ideas to improve interface usability and visual hierarchy

- Collaborated with the design and development team on internal training projects and mock client tasks

- Actively explored current industry trends, responsive design techniques, and emerging frontend technologies

- Demonstrated strong enthusiasm to learn, improve, and contribute to innovative web solutions

Education

- HSC in Science, Jahangirpur Govt. Collage, Mohadevpur, Naogaon	Dec 2019 – Dec 2021
- SSC in Science, Bagdob High School, Mohadevpur, Naogaon	Jan 2014 – Nov 2019
